Greetings,

* Which versions supports this plugins? (Kayako & SugarCRM versions.)?

You can use latest build SugarCRM v1.5

Supported Versions:

Kayako Helpdesk : 4.64 and above

SugarCRM : 6.5.16

* Which versions SugarCRM REST API need?

Although every above version will work perfectly. However, its always good to use latest/Updated version i.e v4

Preferably use http://sugarcrm_url/service/v4/rest.php

Thanks and Regards,

Anjali Sharma
